## **Coronavirus/COVID-19 Release**

The 2019 Novel Coronavirus (COVID-19) is an extremely contagious illness that has been declared a worldwide pandemic by the World Health Organization. As a result, federal, state and local governments and local health agencies have recommended social distancing and have placed limitations on the congregation of groups of people. As a result of these recommendations, the Board Members of the Crestwood Hills Pool and Recreation Center have made addendum to the previous rules of the facility in an effort to facilitate the safety guidelines as recommended by the local health department.

In accordance with the recommendations by the Knox County Health Department and local agencies, during the Phase 2 Reopening Plan, Crestwood Hills Pool and Recreation Center will encourage the following:

The practice of social distancing as much as possible while utilizing the pools and facilities, allowing 6 feet of space between individuals/families while on the pool deck.

If 6 feet cannot be maintained while outside of the pool, it is recommended that a facemask or face covering be utilized to cover the nose and mouth.

Parents are responsible for supervising and enforcing the social distancing behavior of their minor children. Repeated infractions of the guidelines, may result in management requesting the individual who repeatedly violated the guidelines to exit the premises for the remainder of the day. If the violating individual is an unattended minor, the parent will be notified and a request will be made for the child to be retrieved from the premises. The management has the right to request that the unattended minor not return without a parent or guardian in attendance, thereafter.

Guests should evaluate their health status prior to coming to the pool. Each of the following questions should be evaluated for all individuals who will be attending:

**A. Have you or anyone in your household been in close contact with someone with a confirmed case of COVID-19?**

**B. Are you experiencing cough, shortness of breath or sore throat?**

**C. Have you had fever in the last 48 hours?**

**D. Have you experienced a loss of taste or smell in the last 24 hours?**

**E. Have you experienced nausea, vomiting or diarrhea in the last 24 hours?**

**\*\*\*If the answer to any of these questions is yes, you may not present to the pool.**

No private parties of 50 or more will take place during the Phase 2 reopening period. Small parties scheduled by members during low attendance times may be allowed and will be at the discretion of management.

Friday Float Nights will still occur but during the phase 2 reopening period, only individual sized floats will be allowed. No oversized floats that hold multiple people will be allowed. It is recommended that names be put on toys, goggles, towels and clothing. Lost and Found items will be kept separately and discarded weekly. No community shared toys will be allowed.

By signing this Release, the undersigned member/ parent/ guardian of the individuals utilizing the facility, acknowledge the contagious nature of COVID-19 and voluntarily assume the risk that they and their children may be exposed to or infected by COVID-19 while in attendance at the facility. I understand that such exposure or infection may result in personal injury, illness, permanent disability and death. I understand that the risk of becoming exposed to or infected by COVID-19 may result from the actions, omissions, or negligence of myself and others, including but not limited to employees of the Crestwood Hills Recreation Center, volunteers and other participants present at the facility.
